

Light. Insight. Life.

QUALITY POLICY

Quality is the foundation of each division within VOLPI Group, and employees perform their work with a focus on both Quality and Safety. This ensures our products and services meet all quality requirements while being manufactured within a safe working environment. This directly improves patient lives by improving the instruments used to diagnose them.

Our Quality Policy stems from our core values **Entrepreneurial**, **Excellence** driven, and **Empathic**.

The **VOLPI Quality Policy** is reflected in our actions:

V – We deliver **VALUE** to our Customers, their Customers and the ultimate Customer, ‘the patients’.

O – We commit to have **OUTSTANDING**, ‘State of the art’ design, development, and delivery.

L – We build **LEADERSHIP** through our people.

P – We commit to delivering **PERFORMANCE** to the highest standards and predictive indicators.

I – We value **INTEGRITY, INNOVATION**, and continuous **IMPROVEMENTS**.
